LAVAL OF FRANCE
SWINGS TO BRITAIN

Britain Will Consult United States In Event Of Italian-Abyssinian War

By M. S. HANDLER
International News Service Staff Correspondent
PARIS, Aug. 19.—Alarmed and angry over Mussolini's scornful and uncompromising demand for complete military control of Abyssinia Britain today left the futile three-power "peace" conference resolved to take firm and positive action against Italy's war plans.

Diplomatic pussy-footing, dodging of responsibility by Geneva, and no longer of avail, and Britain is determined that the League of Nations must grapple directly with the Italy-Abyssinian issue at the next council meeting, September 4.

Then, if Italy persists in her Ethiopian offensive, Britain will not shrink from calling for League "sanctions."

Other steps Britain contemplates include consultation with the United States in the event of war, lifting of her arms exports embargo, strengthening of her defense against Abyssinia, and maintaining the Mediterranean fleet at top strength.

Freemier Pierre Laval of France is also understood to have swung more to the British point of view, and may support Britain when the League meets in a session that may mean its death.

Conference Breaks Up
Concisely, the French-Italian-British conference broke down after only three days because of the irreconcilability of these two views:

Britain, with Ethiopia's acquiescence, offered Italy economic predominance under a League commission and some territorial concessions.

Italy demanded cession of the Ab-

New Firemen To
Work Vacations

Will Be Furloughed Until
January Following Vacation Period

Council met in the city building today and Safety Director David O. Davies introduced a bill decreasing and fixing the number of paid firemen exclusive of the chief and his assistant at 40. The measure now in committee, is proposed as a protection for six firemen named Friday and who are filling in while regular firemen are on vacations.

Under the provisions of the bill, the six firemen will be furloughed owing to lack of city funds when they have worked the vacations. However, the bill gives them preference next January when paid firemen will receive a day off duty each week and regular firemen must be named.

Recently an ordinance was introduced designating the number of paid firemen at 47, not including the chief and assistant chief. The list of civil service eligibles contained six names, all were named firemen and ordered to start work today.

Five of them did start and the sixth asked that he be given a leave of absence until he could be employed regularly as he has a job. Councilman Davies explained the five work out vacations then be furloughed and that the other firemen would have his request granted.

Oh see the wily candidate who goes about the town, orating on his sterling worth and crying others down. He tells of how he plowed the farm when he was but a lad, and mentions in an undertone the chances he has had, to make a fortune maybe two, if he would do the will of factions that he never names, whose motives all were bad. He calls you on the telephone, he nails you on the walk, and holds you up for hours with lots of idle talk. BODIES OF ROGERS AND POST ARRIVE IN SEATTLE, WASH.

trek with the broken bodies of the beloved humorist and intrepid adventurer of the skies.

In the name of the city of Vancouver and the Dominion, two large wreaths of soft flowers and ferns were laid on the bodies as they rested in Crosson's plane at Vancouver airport.

The flowers were placed in the flying hearse by Vancouver City Councilmen Harry De Grave and Thomas Wilkinson.

Join In Tribute
"Vancouver and Canada," said Wilkinson, "join the United States in sorrow at the untimely passing of men who belonged to all of us to the world—and whose lives were marked by so much accomplishment."

Crosson, friend of Rogers and post, will complete his portion of the sad mission of flying the broken bodies of the famous pair to California when he pilots his Lockheed Electra from Vancouver to Seattle early today.

Upon his arrival at Seattle, Pan American Airways officials said, he will turn the bodies over to the crew of a Douglas transport.

The crew of the transport on which the bodies will be transhipped includes William Winston, pilot, Co-Pilot Fleming and Radioman Dowling. Crosson possibly may "sign on" in order to fly south with the remains of his friends.

Departure Uncertain
The time of departure for California was termed "very uncertain" by the airline officials. It was thought possible the bodies may be embalmed at Seattle.

An aerial escort for the funeral craft has been authorized by the Navy Department, Naval Reserve officers at Seattle said, but plans for the escort had not been completed. It had not been decided whether Seattle planes will join the Douglas transport in the flight or whether ships from the San Francisco bay region or Southern California will fly north to meet the transport and its tragic cargo. The number of plans also has not been determined.

Crosson was choked with emotion when he set his funeral plane down at Vancouver. He was badly in need of sleep following the arduous 1,700-mile one-stop flight from Fairbanks. He made the flight from Fairbanks in ten hours, stopping at White Horse, Yukon territory, en route at 11:20 a. m. yesterday.

He brought the big Electra to a perfect landing at Vancouver at 5:55 p. m. (P. S. T.) last night. "Both were my pals," Crosson said as he stepped from the plane. Crosson's eyes were red from recent crying and the grueling laps of his sorrowful flight from Point Barrow, Alaska, at the "top of the world" where Rogers and Post met death when the intrepid aviator's plane crashed Thursday night.

Bartberger Gets Sentence To Jail

Entered Plea To Larceny Of
Tools And Motor From
Herbold Garage

Gilbert Bartberger, charged with the larceny of some automobile tools and an electric motor from the garage of Mina Herbold, entered a plea of guilty at court this morning and was sentenced by Judge Hildebrand to serve not less than five months, nor more than two years in the county jail.

Bartberger could give no good reason why he had entered the garage, except that he had been drinking. When Judge Hildebrand asked him if he had ever been in trouble before, he said that he had some trouble over an automobile license and that was all.

Chief of Police John Haven, who was asked by District Attorney Mont L. Alley to make a statement of the case, said that Bartberger had tried to pawn the motor. He also stated that the department had arrested Bartberger several months ago in connection with the larceny of a coat.

Questioned again by Judge Hildebrand, Bartberger said that he had forgotten the coat episode, when he told the court he had been in no other trouble.

John Cook, who was arrested with Bartberger, stated that all the connection he had with the case was when Bartberger had asked him to help carry the tools up to his apartment. Cook said that he was not near the garage. He was paroled for two years upon the payment of costs.

John De Cerbo entered a plea to pointing firearms at Angelo De Cerbo. John became angry when he came home and found that supper was not ready. In arguments that followed he had picked up a gun and pointed it at his father. He said the gun was not loaded and he was sorry. He was paroled upon the payment of costs.

ysianian lowlands a protectorate over the remainder of the country, and military occupation.

Italy argued that the three-power treaty of 1906 called for partition of Abyssinia, and that economic and political control of Abyssinia would be "unreal" without military power. Britain replied that the "partition" was meant to be economic only, and that Emperor Haile Selassie would not tolerate a military occupation.

Negotiations will be continued "through diplomatic channels," said a communique issued when the conference adjourned yesterday, but conferees held not the slightest hope that anything could now be accomplished.

Serious Situation

After the collapse of the parley, grave-faced Capt. Anthony Eden, chief British delegate, received J. Theodore Marriner, charge d'affaires at the American embassy, and told him of the seriousness of the situation.

He is reported to have asked Marriner to transmit to Washington a British proposal for Anglo-American consultation for a joint stand when war comes.

Benevento, Italy, Aug. 19.—Laughing at Premier Benito Mussolini's frustration of the Paris peace talks, roaring "Abyssinia is ours" some 20,000 troops of two divisions were on their way to the front today, spurred by Il Duce's personal admonition to "crush all obstacles."

Staging a dramatic surprise visit, Mussolini rode through the concentration camps in his long black car, inspecting the troops all day as they went through their last intensive drills, and then told the world over a sea of bayonets that fascism will not be deterred from hewing an empire out of Africa.

"I have come to bid farewell to

the brave Legions that are dying in Africa to win glorious victories," he said to the embarking troops.

"Abyssinia for us!" the massed troops echoed. "Viva La Guerra."

In this hour, decisive for the nation, there is no time for long speeches of diplomatic polemics, Mussolini went on.

"You will go on, crushing all obstacles, up to the goal that will be pointed out to you."

"Ai, Ai, Ai," the troops roared their approval in the fascist cry. Divisions leaving for the front were the "23rd March" and the "21st of October."

During the last few days, four troop and equipment ships have left the Naples vicinity for Africa, and four more are ready to sail.

tinued southward on Brooklyn avenue and literally shot across North Crawford Avenue toward the Hart-suff home which sits up on a slight terrace.

The car struck the curb, leaped over onto the terrace and bounded onto the front porch of the residence which is two feet higher than the terrace. The car plunged straight through the framework into the porch and was stopped in its flight, first by the crash into the house and a second running against a piano.</

McCONAGHY-REID WEDDING BRILLIANT

Mr. and Mrs. Eben Reid, nee Helen McConaghy, are honeymooning northward for a few days, after which they will return to New Castle for a day or two before going south to take up residence in Winnsboro, S. C.

Their wedding, which took place Saturday afternoon at 2:30 in the First United Presbyterian church on Glenmore boulevard, was one of this season's brilliant events, characterized as it was by charming simplicity. Several hundred friends and relatives witnessed the ceremony, performed by the Rev. J. Calvin Reid, pastor of the First U. P. church in Butler, who is a brother of the groom.

Entering, on the arm of her father, J. L. McConaghy, who gave her in marriage, the bride was beautiful in her bridal gown of ivory satin, designed with a high neckline, long full sleeves and full court train. Her tulle veil of imported lace was held in place by a lace cap, encircled by a band of orange blossoms. It was bordered with applied flowers and was otherwise distinguished by the fact that it had been worn previously by two of the bridegroom's sisters, Mrs. W. R. Echols of Charlotte, N. C., and Mrs. Will D. Orr of Beaver Falls. A shower bouquet of white roses and valley lilies completed the lovely ensemble.

Mrs. L. L. Mansell of Youngstown, the bride's sister, was matron of honor, wearing a pink lace gown, floor length, with high neck and a short jacket. Her wide brimmed hat was of matching tulle, and she carried Johanna Hill roses. Mrs. Will W. Orr of Beaver Falls, the groom's sister, and Miss Helen Forrest of Grove City, a cousin of the bride, were other attendants. They wore gowns alike, in blue lace, fashioned along the same lines as the matron's of honor costume. Their large hats were blue, and their flowers, Briar-cliff roses.

The groom had as his attendant, his brother, Jennings Reid of Charlotte, N. C., and the ushers were two brothers-in-law of the bride couple, I. L. Mansell of Youngstown and Will W. Orr of Beaver Falls.

For the processional, Miss Helen Ewing, a close friend of the bride, and one of New Castle's talented organists, played Wagner's "Bridal Chorus," following into this favorite composition after a half hour concert of nuptial music, previous to the ceremony. Her numbers were: "Cantilena," "Gottman," "Traumeri," Schumann; "At Dawning," Cadman; "Minuet in G," Beethoven; "Thais," Massenet; "Because," of Handel; "Calm As the Night," Bohm; Mendelssohn's "Wedding March" completing her program as the recessional.

Decorations in the church were distinctive, consisting of palms and cacti ferns, with a single large basket of white gladioli, between glowing ivory tapers, in seven branch candelabra.

After the service, Mr. and Mrs. Reid received the congratulations of the many guests for a short period, before going to the bride's home, where an informal reception was held for the bridal party and immediate families. Summer flowers lent additional beauty to the scene, being used profusely throughout the home, the dining room being especially pretty.

Mrs. Reid is the daughter of Mr. and Mrs. J. L. McConaghy of Norwood avenue, and one of this city. Mr. Reid is the son of Mr. and Mrs. J. Calvin Reid of Charlotte, N. C. He was graduated from Erskine college at Due West, S. C., and is now principal of the senior high school at Winnsboro, S. C. He has been active in athletics, winning coveted recognition.

Many college friends of both the bride and groom were here for the wedding, coming from Charlotte, N. C., Pittsburgh, Sharon, Beaver Falls, New Wilmington, Grove City, Butler and Youngstown.

Engagement Announced.

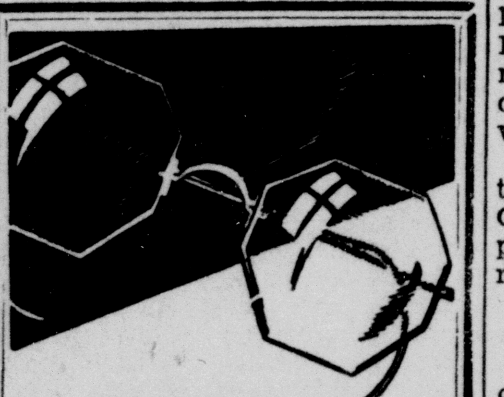

Mr. and Mrs. Joseph Rickel of McCleary avenue, this city, announce the engagement of their daughter Elma to Paul L. Schweikert, son of Mr. and Mrs. Frank Schweikert of R. D. 7.

The date for the wedding will be announced later.

PUPPET SHOW

Attracts Large Crowd

Despite sweltering temperatures, a capacity crowd was on hand today to witness the amusing puppet show "All in a Lifetime" sponsored by Norge Division of Borg-Warner Corporation under the auspices of W. F. Dufford & Co., Norge dealers here.

On Account of Limited Space

2 SHOWS
Will Be Given
TUESDAY

Shows will begin at 1 p. m. and 3 p. m.

Gay little marionette figures supply all the dramatic action of a full length playlet written by James A. Sterling, advertising and merchandising manager of the Norge organization. This show being an adaptation of his original successful stage production, "The Freedom of the Shes". Because of their unusual size, these marionettes are capable of movements hitherto impossible in puppet shows, and their amusing antics keep the crowd chuckling throughout the entire half-hour showing. Children are particularly amused at the short comedy feature "The Three Little Pigs" shown in addition to the regular playlet, and also the amazingly realistic imitations of famous movie stars.

Woven into the comedy theme of this marionette show is a complete portrayal of the use values of Norge products throughout many years of household use. Miniature models of the Norge Rollator refrigerator, range and washer form part of the scenery, each beautifully done and complete to the tiniest detail. The Norge organization has made wide use of dramatics this year in presenting their products to the public, having previously presented an elaborate stage production throughout the country, and produced a sound film "Norging Ahead Together", starring Beverly Bayne, which has attracted widespread attention.

FRANCES WILLARD UNION

The members, families and friends of the Frances Willard Union of the W. C. T. U. gathered in the grove at Cascade Park last Friday evening, August 16, for their annual picnic. A representative number was in attendance despite the inclemency of the weather and an enjoyable time was experienced.

Before partaking of the delightful picnic dinner, the members conducted their regular monthly business meeting.

The meeting was opened by singing hymns and prayer by Miss Anna Dodds. The auditor's report was given by Mrs. A. C. Gardner.

Mrs. Preston, the retiring president, appointed Mrs. J. H. Riley, Mrs. Jas. Pherson, Mrs. W. E. McKee and Miss Martha Dodds as delegates to the convention to be held in the Second U. P. church on Tuesday, August 27. Mrs. Preston installed the following newly elected officers: Mrs. Joseph H. Riley as president, Mrs. T. W. Donaldson as secretary, Mrs. John Riley as corresponding secretary, Miss Martha Dodds as treasurer, Mrs. M. R. Newbury as pianist.

With Mrs. Joseph H. Riley presiding* the new business was taken up. A tribute was paid to the retiring president, Mrs. Preston, for her fine work during the four years which she had served as president. She was given a vote of appreciation.

The name of Mrs. T. A. Preston was added to the program committee, the president having previously appointed the central committee of the union to act in that capacity.

A letter was planned to be directed to the Better Homes and Gardens Magazine, in response to their request, advising them that the W. C. T. U. was highly in favor of their policy of placing a ban on cigarette and liquor advertisements and that the union would do everything within its power to encourage this policy by assisting in propaganda.

AROUND CITY HALL

Police chronology for 48 hours ending at 3:30 p. m. August 18, 11 arrests on charges as follows: Drunkenness, 6; drunkenness and fighting, 2; drunkenness and disorderly conduct, 1; suspicion, 1, and speeding 1.

Arrest of a motorist on a charge of speeding yesterday resulted in his being fined \$10.00. During the past several weeks there has been an apparent utter disregard for some of the traffic regulations throughout the city and those who take chances at being caught may be fined. Traffic has been slowed up considerably by double parking and observers have witnessed many accidents averted by a hair's breadth only by the presence of mind of sane automobilists.

Some months ago it was stated in this column that the time would come probably when the city police department would utilize the camera when auto accidents occur. The time arrived Sunday when an auto which got out of control of William Dout ran down Brooklyn avenue, crossed Crawford avenue, climbed a terrace, leaped over a porch and plunged into the parlor of the Mrs. M. E. Hartshoff home. Chief of Detectives W. G. McMullen hurried to the scene and took a photograph of the accident.

Community Picnic Draws Thousands

Estimate Crowd At 25,000 Participate in Third Annual Event Here

ELABORATE PROGRAM IS CARRIED OUT

Committees Are Worthy Of Heartfelt Gratitude And Appreciation

ELLWOOD CITY, Aug. 19.—Success in every detail crowned the efforts of General Chairman Paul N. Grannis and his hard working committees when Ellwood City held its third annual Community Picnic and Old Timers' Day at Ewing Park Saturday. A crowd, estimated in excess of 25,000, responded to participate in the events of the day and thus show its appreciation.

The weatherman smiled for the occasion and sent Old Sol to spread cheer and happiness throughout the day. An elaborate program beginning at 11 o'clock with a street parade and closing with a street dance at 1 a. m., Sunday, was carried out. The untiring efforts of the committees had been so complete that there wasn't a single hitch in the days plans.

There was a grand reunion of Old Timers who could be seen renewing acquaintances and making new ones. They came from all points of the compass, even as far as the Pacific Coast and Florida. Many of the people present brought their lunches with them and prepared to spend the entire day.

Colorful Parade
There was not one dull moment during the whole day with something doing all the time. The parade presented a colorful spectacle to the thousands that lined the streets along its route of march. Burgess Judd C. Turner was marshal and M. A. Bickett, chief of staff. Then in order came the color guard, state police, highway patrol, fire department, high school band, school board float, borough float, boy scouts, girl scouts, American Legion bugle and drum corps, horses, automobile dealers, fun makers, factory transportation, and miscellaneous.

The horse division led by George Smith and J. Lloyd Steckman drew considerable attention. There were 20 ponies entered by Ira Brown of this city that had the youngsters looking wistful.

Good Program
The main program began at 1 o'clock with a beauty contest and sport events. This included all kinds of races and contests in charge of C. C. Cox, Mildred Grannis, Virginia Cox, and Gordon Peterson. General Chairman Paul Grannis acted as the announcer of the day and a public speaking system, to which part he proved very adaptable with his wit and humor.

One of the interesting features was the pet review in which scores of animals and birds or fowls were entered. There were all sizes of dogs, cats, coons, opossums, ponies, rabbits, guinea pigs, etc.

Shortly after 6 o'clock the huge crowd was thrilled with some stunt flying over the athletic field by Burt Mahaffey, well known local aviator, who flew from the Bernard airport near Youngstown for this event. At 4:30 there were some events and prizes for the Old Timers in charge of Burgess Turner, Attorney J. W. Humphrey and W. W. Davidson. A baseball game between the Shelby Juniors and Old Timers followed at 5 o'clock. A band concert was given by the high school band in the picnic grove at 6 o'clock under the direction of Prof. Paul Winter, while the people were having their picnic supper. Free coffee and lemonade were provided. All during the day Harry Turner and his group of entertainers delighted the crowd with musical and vocal numbers. They received hearty applause.

State Police Perform.
The crowd was thrilled at 7 p. m. when a parachute jump was made by Capt. Gary of Youngstown, holder of the world's record for consecutive jumps in 24 hours. It was a long jump and Capt. Gary alighted several hundred yards from the athletic field. The crowd followed the four members of Troop D. Pennsylvania state police, stationed at Butler, gave an exhibition of trick and fancy riding. This was done by Private Heinicke, Private Bradbury and Corp. Schmidt. The crowd showed its appreciation of this with a huge applause. The state police will put on a rodeo at Butler on Labor Day in which 60 will participate. The public was urged to purchase their tickets early at the local police station and then come early.

The program was reaching a climax at 9:30 when a grand fireworks display took place. This lasted for an hour and all types of scenes and explosives were seen and heard. The crowd that gathered flooded the athletic field and immediate vicinity, which would cover more than a city block. Dancing was enjoyed for the remainder of the evening.

Affair Is Orderly.
Many have declared that they are looking forward with enthusiasm to next year's Community Day when an even greater attendance is predicted. The success of the entire day is a great boon to the local public which cooperated to every extent and as a result there were no mentionable disorders or casualties for the day. A vote of thanks is certainly due the local police department.

ment, the state police, Corp. L. J. Lawton and Patrolman Holmes of the highway patrol, who regulated traffic and the mammoth crowd during the day. It was through their efforts and cooperation that the program was run of in a smooth and orderly fashion.

An interesting feature of the day was reading of a letter by Mrs. Gertrude Wilson Pickens written in 1874 by Lizzie Mehard to Mrs. Wilson.

Shelby Juniors Beat Old Timers

Take 8-4 Victory Before Mammoth Crowd At Ewing Park Saturday

FAMOUS DIAMOND STARS IN ACTION

ELLWOOD CITY, Aug. 19.—Shadows of yesterday in all its glory were brought back to the minds of the people of Ellwood City as the third Community Picnic and Old Timers' Day during the Shelby Junior-Old Timers' baseball game. It was won by the youngsters by an 8-4 score.

It did the old heart good to see such former local celebrities as "Connie" Wardman, present deputy sheriff, Charley and Bill Strouse, McDonald, Holiday Newton, Carl Johns, Mike Sanders, Harold Marshall, George Milnes, F. L. Schwaizer, Blaine Kruppa and others in action again.

The Old Timers blame their defeat upon the umpires, Chance Forbush, Mel Forbush, Frank Cole, and Dave Jones, whom they charge with showing favoritism to the youngsters. They also assert that they were just getting warmed up for the nine inning battle when the game was called in the fifth.

Connie Wardman declared, "There young whippersnappers would have gotten a lesson." And just to prove that there was no kidding, Connie stepped up to the plate and smacked out an easy single. There was a day when this blow would have been a good double and a possible triple for him. The ball sailed over the center fielder's head. Ellwood's grand old man of baseball got a roar of applause from the huge crowd. In the bleachers were Tom Marshall and Al Henderson who were on Ellwood's first baseball team 43 years ago. Bert Gates, popular former old time umpire and George Nye well known ambidextrous player were also there.

Feature hits of the game were provided by the youngsters. Cole hit a triple, and Blazin and Izzo doubles.

HOLES IN DOUGHNUTS
START JAP ON TEAR
(International News Service)
NEW YORK—Chuji Kosumi, 46, Japanese merchant had too much cake, when he wandered into a doughnut shop.

"Why you have holes in your doughnuts?" he quired of Louis Magnani, the proprietor.

"It's an old doughnut custom," was the answer.

Kosumi reached for a lemon meringue pie and bashed it in Magnani's face. Pleased with his marksmanship, he followed it up with an apple, a blueberry and custard. Then he took to the china and running out of plates delved into the kitchen and mustard.

"I don't remember anything," he told the Magistrate in Night Court.

Goodrich Sponsors Safety Campaign
"Lose a minute and save a life."

New Castle is warned by the unique Silvertown Safety League Mystery Ship and Frank A. Sloan, pilot. The ship and its pilot will be in New Castle today, Tuesday and Wednesday.

The strange vehicle that causes such discussion wherever it appears is the Goodrich Silvertown Safety League's warning to New Castle and the remainder of the country. It has a four cylinder motor, inflated cushions, rudder and elevators, and short wings, reminding one of the penguin type which was used during the war. "But does it fly?" insisted a persistent onlooker, and non-committally the pilot answers, "What do you think?"

Not even as high as the shoulder of an ordinary man, it attains the speed of about 30 miles an hour and 30 miles on every gallon of gasoline. All the steering is done from the small wheel on the rear which has the Goodrich Silvertown Industrial Tire. Mr. Sloan says it is the only vehicle of its kind in the world, and during his visit here he expects to

decorate the rear license plates of as many cars as possible with the Silvertown Safety League's emergency tail light with red crystal reflectors. These are given away free at the Goodrich Silvertown store as they are the emblem of the Silvertown Safety League which costs nothing to join and involves no obligation of any kind except helping make 1935 a safer year. This league has been sponsored by Goodrich for many years and has proven a great influence on public safety.

To emphasize the idea, among young folks the pilot in his cruise about the city is presenting the children with free souvenir post cards of the ship with safety messages on carelessness in line with the safety program.

The ship has already visited many cities bearing its safety message. And again Mr. Sloan emphasizes that these emergency tail lights and safety emblems, as well as membership in the Silvertown Safety League, are given free at Goodrich Silvertown, Inc., 30 S. Jefferson St., and solicits your co-operation in having one of these put on your car, as it eliminates tail light failure.

Alleged Torture Bandit Is Held At Beaver, Pa.

Tony Bondi Held For Court As Result Of Arrest For Robbing Of Old Man

(International News Service)
BEAVER, Pa., Aug. 19.—Tony Bondi, 41, Youngstown, O., sought as the last member of a "torture bandit" quartet, today was being held for court here.

Charged with complicity in the "torture" attack on Theodore Bordonner, aged Harmony township farmer, in June of 1933, Bondi was ordered held until arraigned before a peace justice. He was arrested in Niagara Falls and returned here.

Serving Sentences
Sandy Naples, also of Youngstown, was convicted in Beaver county court two years ago of complicity in the crime and was sentenced to a term of from 10 to 20 years in the Penitentiary. David Donkovich and Jack Marino, both of Youngstown, alleged members of the gang, are serving sentences in Ohio and Michigan, respectively, and will be returned to local authorities on the completion of their terms.

Bordonner, 71, is still a cripple as a result of the injuries inflicted by the "torture" gang. Efforts on the part of the bandits to learn where Bordonner kept his money were unavailing, and they escaped with \$8 cents.

The book: "The Chart of Plenty." (A study of America's product capacity based on the findings of the National Survey of Potential Product Capacity.)

By Harold Loeb and others. Nutshell review: The authors of this book go straight to the heart of the problem: Is it physically possible for the people of the United States to produce and enjoy the goods necessary to a decent existence? Dr. Charles A. Beard says that it is the most important book of the 20th century because it represents the first attempt to apply the rationality of engineering and accountancy to the central problem of American life and economy, namely, the capacity to provide a decent living for all the people of the United States.

Unity Baptist Pastor Given Farewell Party

Rev. William Hammond, Leaving For South America, Is Honored

Rev. William Hammond, youthful pastor of the Unity Baptist church of Harlansburg, was given a farewell reception by his congregation on Saturday evening at the Lewis Hunt picnic grove, on the Perry highway. There were between 175 and 200 people present, including guests from New Castle and other near-by cities.

It was an informal affair, an opportunity for the ministers many friends to bid him adieu and "bon voyage" before he sails to take up work on a South American mission field. Refreshments were served and a number of gifts were presented to the honored pastor.

On Sunday afternoon the Rhodes Mission on the Harlansburg road, of which George Ramsey is superintendent, gave a special farewell program in Rev. Hammond's honor and presented him with a gift purse. Sunday evening Rev. Hammond delivered his farewell sermon from Unity Baptist's pulpit, in the presence of an overflowing crowd.

The departing pastor is the son of Mr. and Mrs. William T. Hammond, of Fairmont avenue, and was educated at Moody Bible Institute, Chicago. He will sail from Philadelphia on September 28. His missionary work will be in the Xingu district of South America.

His home church, the First Baptist of New Castle, is planning a farewell event in his honor next week.

Visitors Gather At Camp Phillips Sunday Afternoon

Girl Scouts Entertain Parents And Friends At Visitors' Day

Parents and friends of the regiment of 75 New Castle Girl Scouts at Camp John M. Phillips were entertained at the camp's first "visitors' days" on Sunday. A huge throng filled the pretty camp on the Slippery Rock and enjoyed the water front.

A splendid swimming exhibition under the direction of Mrs. Norman E. Weiler of the camp staff, was presented at 4 p. m. It included a boat race, demonstrations of various swimming strokes, formations, life saving and a novel "aquatic wedding." The activities were presided over by "King Neptune".

Marian Connor was the bride and Elizabeth Robins was the groom at the "wedding" which took place in the Slippery Rock. Louise Owen was the officiating minister. There was a profusion of bridesmaids, flowers and ribbons.

Another feature of the day was a "progressive Scout's Own", or, a series of lullabies led by various scouts and in which everyone joined. The Negro mammy song was led by Mary Louise Meehan, the Indian song by Jean Copeland, the French song by Louise Owen and the German song by Peggy England. Edwina Connery sang a song of the Nativity, "Sleep Little Jesus". All were members of the Gypsy unit.

On Saturday night the scouts had a big time as guests of the Pioneer unit at supper. The Pioneers handled arrangements beautifully. Supper was buffet style; a scavenger hunt followed.

Tonight the Knights of the Round Table, 27 included, will go for an over-night hike to the Dadds cottage at Rose Point.

Career Craze Ends For Young Girl In Pittsburgh, Penna.

(International News Service)

PITTSBURGH, Aug. 19.—A broken hearted mother's dream came true today when she learned that her missing daughter, Wanda Phillips, 14, was safe in the Pittsburgh juvenile detention home, and could soon be on her way home in Pennsylvania.

Wanda, who had been missing from her home since July 12, said that a "Pittsburgh man" persuaded her to leave in search of a stage career.

Overjoyed by a report that the child had been found by local police on a Northside street, Mrs. Raymond Phillips, who had been grief-stricken and reported in a critical condition because of worry over the girl's absence, told police that she had been dreaming that her child was home and well, when shortly afterwards a telephone call informed her that Wanda was found here.

MERCER, Aug. 19.—Engineers and workmen employed in the Mercer county state highway unit, solved one of the knottiest problems in the history of the office Friday when they succeeded in ejecting a skunk which had scented itself behind some oil barrels in the garage and elected to remain.

For almost 24 hours, the offensive feline, stayed in his hiding hole, but it left suddenly when the simple expedient of pouring cold water over the animal's back was resorted to.

By ARTHUR BRISBANE

IMPORTANT to this country is what appears to be a strike of organized labor against the plans of organized government. The nation has taxed itself the necessary number of billions to supply food for the hungry and as far as possible for the idle, when the American Federation of Labor said:

"That's all very well, but you must arrange all this in accordance with our instructions. To avoid any appearance of 'charity', you will pay full union wages, at least to union members. Pay what you please to the others."

The President will decide whether he and our "representative government" shall run the country and dispose of its funds, or turn that business over to well-organized labor.

GEN. HUGH S. JOHNSON, in charge of \$320,000,000 appropriated to employ the idle in New York, says union leaders "have allowed themselves to be enchained and outgeneraled into taking communistic chestnuts out of the fire. Communist unions are not openly leading the strike, but are fooling organized labor into taking the blame for it."

Gen. Johnson adds that if this plan succeeds "public support will depart from unionism and the clock of the labor movement in this country will be set back 20 years."

THE PRESIDENT is said to have ruled that those that strike against the government's effort to give employment will be barred from any government relief. The situation is bad, its worst feature being a possible continuation of idleness among those that might have taken the government money. The national government, "ready to buy itself out of a bad spot," finds that Union Labor will not permit the program to go through.

IT WOULD SEEM undesirable for any government with an approaching election to be put in the position of hiring "strike breakers."

The President's view of the situation simplifies it. His representatives, not recognizing any actual "strike," will assume that gentlemen not wishing jobs "have returned to their homes." Others may and will be asked to take their places. There will be no "strike breaking." That, at least, is the program.

WHILE UNION LABOR refuses the government wage of \$93.50 a month, both Houses of Congress pass the "Social Security Bill" to put 30,000,000 Americans on the nation's payroll with old age pensions, job insurance, help for the blind, for disabled mothers and destitute children.

The blind, the mothers and the destitute children probably will not strike, or refuse to take anything short of union wages.

About the others you cannot be sure. Somebody offered every old person \$200 a month and there might be a strike for the \$200 minimum—except that the old have learned caution, through sad experience.

WITH SUCH INTERESTING events occupying America, you look across the ocean to much-criticized Germany to discover, with amazement, the unemployed in the Reich number 1,754,000 against an estimated 12,000,000 or 15,000,000 idle here.

THE SENATE would cut down the size of taxes after death, but that would not make much difference. The plan to let a man have part of what he gets while he lives, and not much afterward, probably will go through.

That was the condition of things for the first 900,000 years of human life on this planet. What a man killed and took home that day he ate that day. Next day he had to kill something else. When he died, his children had to do their own killing. That might be better for the public health, but it would not permit any building of "the glory"

that was Greece, or the grandeur that was Rome."

Great things must be done, from one generation to another, with knowledge and money handed down from one generation to another.

WHILE AMERICAN manufacturers groan about cheap goods from Japan, 30,000,000 square yards of Japanese cotton cloth imported in one year, Japanese tennis shoes at ten cents a pair, bicycles for less than two dollars, and other things with which our high wage seems unable to compete—the intelligent Japanese take steps to protect their own labor.

You may not start new automobile factories or factory expansion in Japan hereafter unless Japanese own more than half the stock.

Japan would have the government gradually take over the American automobile business in Japan. Henry Ford, about to build a big new factory at Yokohama, is told that the majority of its business must be owned by Japanese. Ford's reply to the descendant of the Sun Goddess would probably surprise the Goddess, as much as his reply surprised a Wall Street firm. When it told Ford that it planned to finance his business and would appoint members on his board of directors.

But Henry Ford must now bear in mind that after he dies his own government will take about all he has anyhow, so there is no use making a fuss about Japan's taking 51 per cent.

Special ability is not merely at a discount, it is not even "respectable." That will change later.

Indiana Youth Is Willing To Return To Home, Tells Cops

(International News Service)

PITTSBURGH, Aug. 19.—Raymond Wiggins, 16, son of an Indianapolis, Ind., radio patrolman, today was "willing to go home without any trouble" after the youth, sought in Indianapolis for a robbery, was given away by his guilty conscience and a stolen detective badge.

While Wiggins engaged in conversation at nearby McKeesport with two detectives, his coat fell open, revealing the badge.

"Well, I guess you know all about me," the boy said. "I did it all right. So I'd better go along with you."

Dean To Shoot At 38 Victories

As Far As "Dizzy" Is Concerned He Can Pitch 18 Of Remaining 20 Games

NEW YORK, Aug. 19.—Ole Diz, not having done anything of a fatiguing nature for a few days, only pitched a three hit shutout against the Giants on Friday and two innings of relief on Saturday, was naturally a feelin' mighty pert, it seems, when he left with the club for Boston that night. So he stood upon the railroad platform and unleashed a couple of steamers which, as coincidence would have it, happened to be about Ole Diz.

The latter, it should be explained, is the fabulous person Mr. D. Dithering Dean of St. Louis, sees when the stands away off somewhere and gazes upon himself with awe. He was so impressed with what he had to guardedly admit that Ole Diz would win 18 of the 20 remaining games. He says Ole Diz will pitch this year and that the Cardinal club, not exactly knowing what else to do about it, will go along and win with him.

Fast One Working

Ole Diz you see, has his fast one a-workin' again. He's "foggin' 'em through now, just like he done at the close of last year," and there ain't nothin' goin' to stop him. "I'll pitch at least 20 of the 45 games we got left," says he. (They have 44 left now with the Boston defeat yesterday.)

"And the way I'm foggin' 'em through, I'll win at least 18 of them. Paul will be good for ten more and Bill Hallahan, Walker and the others can take care of the rest. "Anyhow, you watch Ole Diz from now on. He's right back where he was when he knocked off them Giants in September and them Tigers in the big series."

Wants 38 Wins

If the gentleman does what he says he can and will, he'll be a winner on the season to the almost incredible number of 38 games. The funny thing is that Medwick, Walker and Collins, who were standing nearby, more than sustained the idea. They even topped it.

"The way he's pitching now, we don't see how he can lose a game," they chorused. "Why, that Cuccinello almost swung himself off a fence going after a curve ball Dizzy threw him. He was swinging in self-defense. He couldn't see the ball. So he had to do something."

Is Going Good

But 38 games? No pitcher within memory had won that many since Ed Walsh's great year. Jim Bagby won 30. So did Grove. Also Alexander with the Phillies in 1915. Anything much above that seemed unattainable, considering the modern pace, but it seemed Ole Diz said he would be absolutely would. That's approximately how he stands with his immediate associates and, besides, I seem to remember him saying early last year that "me and Paul" would win 47 games, somewhat to the amusement of those who naturally knew better. His only mistake was that they won 49, a development that seems to have left me permanently impressed.

Old Timers Ready At New Wilmington

"Rosy" White, manager of the "Old Timers" team which meets the local A. A. outfit in a twilight encounter Tuesday evening, August 20, announced today that the older boys are responding nobly, and he promises a real battle for the younger athletes.

His tentative lineup will include Gene Sampson, star hurler of a decade or two ago, as the selection for mound duty. Walt Whitman, "Jewie" Coen, and "Chuckie" Anderson will be held in reserve. The lineup was disarranged somewhat when it was discovered that "Soapie" Cummings, star of many a sandlot performance of a past era, would not be eligible to catch Tuesday night. As a result, Mr. White is of the market for one to fill this spot.

"Bill" Evans midget performer will probably cavort around the short-stop area, "Jim" Pitzer will be back on his old home ground at first base. Charlie Byler will probably perform at second base. The outfield will probably be covered by Bill Wilson, Buss Wilson, Kenny Wilson, George Brown and a host of other expectants.

"Whitey" Herriott, port-sided curve artist of the local outfit, will probably be the mound selection for the A. A. nine. Pat Patterson will be on the receiving end. Wetlich, White, Minner, and Axe will comprise the infield. Chapin, Blake, Eagleson, McCaslin, Gilliland will do outfield duty.

White is making arrangements to accommodate one of the largest crowds of the current season and every available seat will probably be filled when Burgess McKean calls "play ball" Tuesday night.

Monday night the local team will be hosts to a Pulaski nine in a benefit encounter.

Grid Candidates Meet August 26

Coach Phil H. Bridenbaugh Calls High Gridders, Will Practice Week In Town

Head Coach Philip H. Bridenbaugh issued the call today for New Castle high school football candidates to report at Taggart field house at 1 o'clock next Monday afternoon, August 26, for equipment.

The New Castle high team according to Bridenbaugh will have a week's practice at Taggart field before going to camp at Muddy Creek Falls. Every young boy who intends to try out for football this year is asked to be present next Monday afternoon. Those who do not show up for the weeks practice in town will absolutely not be taken to the football camp on September 2.

Tough Schedule

New Castle high faces a tough schedule this year and will have a lot of work to do before the regular season opens on Friday night, September 13, with Braddock high as the opponents. The development of a powerful line will be the chief worry for Bridenbaugh. The backfield with several veterans will not cause much worry.

Major Donno Ralph H. Gardner, the "granddaddy" of athletics at New Castle high is busily engaged at the present time in getting Camp Muddy Creek Falls ready for the invasion of the high footballers. It is not known how many of the young candidates will be taken to camp.

Union Win Two Games On Sunday

Unions Defeat Rochester Firemen And Sharon Jacks By Scores 5-2 And 3-0

Union Brewers soft ball team won two hard fought soft ball games Sunday afternoon at the B. & O. field, defeating the famous Rochester Firemen, 5 to 2, in the first game with Sammy Pezzone in the box and upsetting the strong Sharon Jacks in the second game, 3 to 0, with Germany Bartlett hurling a two-hitter. A crowd of about 1,500 fans witnessed the games.

It was the 33rd victory of the year for the Unions when they toppled the Jacks. Pezzone allowed six hits and fanned nine men in the first game and won his own game in the seventh with a scorching double with the bases choked with the red-suited Brewers. Tex Richards got two hits and Vigali played a fine game in the field. In the second game against the Sharon, Bartlett was master of the game in every inning allowing only two hits and whiffed 10 batters. The Unions played a fast game in the field making three double plays. Flier Mateja was the star hitter with two hits and two runs, one of them a long homer. Pike Maki played a nice fielding game. New Deal Will Get Opposition

"Constitutional League" Is Reported In Process of Formation

NOT CONFINED TO DIXIE ALONE

Central Press
Washington Bureau
1900 S. Street
By CHARLES P. STEWART
Central Press Staff Writer
WASHINGTON, August 19.—Reports of what is to be known as a "Constitutional League," in process of formation, are drifting in Washington from Dixie—and it doesn't seem to be altogether confined to Dixie, either.

Gov. Eugene Talmadge of Georgia and John Henry Kirby of Texas, lumber magnate and former president of the National Lumber Manufacturers' association (both Dixie-landers) are mentioned as prominent among its sponsors. Similarly mentioned, however, is ex-senator James A. Reed of Missouri, which isn't so unqualifiedly by a southern state.

The insipient league apparently is not intended to figure as an out-and-out party, but rather to serve as a strong influence in the shaping of Democratic policies.

AGAINST NEW DEAL
It is obvious that its principles will be anti-New Dealerish.

It will not, necessarily, be anti-Rooseveltian. Nevertheless, its increasing membership evidently is worried by the course "F. D." is steering, and plans a cohesive set-up to oppose him, in intra-party fashion, if he disregards its warnings. If he does disregard them, there is no knowing how recalcitrant it may become—maybe much more so than is now suggested.

Nor can it be guaranteed that the league will remain exclusively southern.

Ex-Senator Reed, as previously remarked, is as much northern as he is southern. There are still more northerly statesmen—such as senators Alva B. Adams of Colorado, Vic Donahey of Ohio, Peter G. Gerry

of Rhode Island, William H. King of Utah and David I. Walsh of Massachusetts—who might conceivably be sympathetic toward the government's purposes.

REPUBLICANS, TOO?

It even is hinted that the league may take in sympathetic Republicans, becoming a kind of inter-party "balance of power," like the Anti-Saloon league, in its day.

If this occurs, I shall suspect that it is a new, ultra-conservative party it is infancy—which does not realize yet that it is a new party.

True, there would be queer things about such an alignment. For example, I would not consider Gov. Edmunds of Missouri, still, these political associations adjust themselves.

SOUTH PUZZLES

The south is puzzling. The New Deal is Democratic; ditto the south. Yet the south gives birth to an anti-New Deal movement like the Constitutional league—and the Republican north, if it comes in at all, will trail along.

The south, too, on Capitol Hill, is vociferously anti-New Deal, as spokesmen for such statesmen as senators Carter Glass and Harry F. Byrd of Virginia, Huey P. Long and John H. Overton of Louisiana, Josiah W. Bailey of North Carolina, Walter F. George of Georgia and Millard E. Tydings of Maryland.

PEOPLE VOTE FOR F. D. R.

Yet, whenever there is a southern straw poll, Roosevelt overwhelms by a landslide.

Is there a distinction between the Rooseveltian personality (which is popular?) and the New Deal (which maybe is less so)?

Or are the polls wrong? Or is southern spokesmanship mistaken?

STEWART'S CONCLUSIONS

1.—The Rooseveltian smile and the Rooseveltian voice (via radio) undoubtedly count more with "vox populi" than Rooseveltian policies do.

2.—I am assured that straw voters' lists have been very carefully chosen.

3.—The south's so-called "better classes" do most of the talking; not the voting. All the same, the "better class" voice, although in a minority, seems authoritative.

I do not think the Constitutional league is to be taken lightly.

On Court House Hill

Deputy Sheriff Elmer Taylor reports 27 prisoners in the county jail, 25 men and two women. This is an unusually small number at this season of the year.

Thomas Edmunds, clerk of the registration board, who has been at Harrisburg getting instructions on the new registration law, returned home last Friday evening and looked after the second registration on Saturday. There were many visits to his office Saturday by persons who had been refused registration on account of naturalization difficulties.

County Commissioner P. O. Elder has received a letter from T. C. Armstrong of this city, who with Mrs. Armstrong is visiting on the Pacific coast. The letter was dated at Bellevue, Wash. Mr. Armstrong wanted to know if he can be registered by mail for the fall primary. Mr. Elder is having the matter looked up, and if it is found that Armstrong can register, blanks will be sent to him.

Mrs. Urdla Bingle, 74, a guest in the car of Charles Bingle of Ellwood City, has filed suit at the prothonotary's office for \$10,000 damages as a result of an automobile accident at Harrisburg on July 4, 1934. Mr. Bingle's car, driven by his daughter, was coming toward New Castle when it collided with a car believed to have been driven by Fred Ryan of Pittsburgh. Mrs. Bingle had her right collar bone broken, her left hip fractured and was otherwise injured.

Registration Clerk Thomas Edmunds has sent out over 200 cards to persons who registered on the first registration day, and on whose registration blanks errors have been found. The recipients of the cards are asked to come to the registration office at the court house where corrections will be made.

According to the nomination papers filed at the county commissioners office there are nearly 700 candidates for all offices in Lawrence county. The list includes the county, city, borough and township candidates. There are about 100 on the county and city tickets.

Court room No. 1 looked like a convention hall Saturday when the candidates came in to draw for places on the ballot. Nearly all of them professed that they did not care where their names came, but nevertheless they were all willing to draw for first place. One of the features of the drawing was when James Leon Fink of Boyles avenue, candidate for council, stepped up to draw. As he reached into the little round box, containing the numbers,

some one back in the audience shouted, No. 1, and sure enough, Mr. Fink drew first place. There were 26 numbers in the box. County Commissioners Clerk William A. Eakin announced that the names of the candidates would be called in the order in which their papers were filed. Registry Clerk Thomas Edmunds held the box containing the numbers. He held it up high so that no person could see into it. The candidates reached in, pulled out a number and it was announced by Mr. Eakin. Where a candidate was not present some one drew for him. The drawing was eminently fair and impartial and everybody was satisfied that a square deal had been given.

Nomination papers for candidates at large in Ellwood City have been filed as follows: Auditor, six years: Republican, Maxwell W. Ewing; Democrat, Charles V. Patton. School board, 6 years: Republican, Paul F. Luther, Joseph J. Dougherty, J. W. Mayne, Howard W. Smith; Democrat, Dr. A. M. Gigliotti, Clyde M. Buzard, Henry M. Creswell. Justice of peace: Republican, S. Y. Douds, J. E. Van Gorder, Rudolph Mayer, Targuin Marziano, Theodore Markwort; Democrat, George B. Wilson.

Ellwood, first ward—Assessor: Republican, Elmer S. Greenham, John F. Gaub, Sr., Mike "Sanders" Swell, Hollis G. Frazier; Democrat, Harold L. Sampson. Constable: Republican, Elmer E. Fishkorn. Council: Republican, William McGlinchy; Democrat, John W. Tillia.

Ellwood, second ward—Assessor: Republican, D. C. Hancher; Democrat, B. B. Henderson. Constable: Republican, C. J. Clarke. Council: Republican, F. E. Moon; Democrat, H. E. (Frank) Biondi.

Ellwood, third ward—Assessor: Republican, Mrs. Hazel M. French, John T. Young. Constable: Republican, George A. Burrows. Council: Republican, Harry Caplan, John E. Powell.

YOUTH DENIED INSURANCE

Editor News:

Dear Sir: More young people under 30—by 149 per cent—are rejected by insurance companies because of the use of intoxicants. This statement is made by the North-western National Life Insurance Company of Minneapolis. Young people show a much greater increase than any other group. These rejections are only cases of heavy indulgence—sufficient to be a factor in the rejection of applicants. The above figures refer only to rejected cases. Analysis of accepted applications showed an increase among all ages of 74 per cent who admitted the use of intoxicants.

"Drink, and Traffic Accidents" is a prominent title in "Public Safety"

for April, published monthly by the National Safety Council, Inc. Robins B. Stoekel, Yale University, says that instead of providing laws which punish offenders for driving while under the influence of liquor, the legal prohibition should extend against drinking and then operating a car.

Dr. Stoekel says that the condition on our highways is growing worse and police officers are "at their wits' ends to know how to combat it."

The Travelers' Insurance Company declares that the United States in 1934 experienced its worst automobile accident record. The records are now available, showing an increase of 49.5 per cent as compared with 1933.

Dr. Haven Emerson of Columbia University recently declared that "The beverage use of alcohol should be considered a major problem of public health."

Is there any place—at any time—under any circumstances, when the beverage use of alcohol can be condoned?

the loss from evaporation and releases of water made a much more pronounced effect. The rainfall was less, too, requiring more water to replenish the supply in the reservoir.

With the level now only about four feet three inches from flow-line, the prospect of the coming winter season filling the reservoir to capacity is brighter than ever. Should the rainfall in the early winter be heavy, there is some possibility that the flow-line will be reached even before next spring.

It has been only 19 months since the gates of the gigantic reservoir were closed and the start made toward impounding 64 billion gallons of water. Had it been unnecessary to release large quantities last year, the reservoir would now be near its flow-line level.

The small amount of loss in level this year indicates that once the reservoir is filled, it may be necessary to release considerable quantities of water in the fall to provide a storage space for the spring rains.

Original estimates of the time required to fill the reservoir to capacity, ranged from three to five years. According to present figures,

it is evident that but slightly more than two years from the time the gates were closed, will have elapsed before the reservoir has reached its maximum height.

HEATONS ENJOYING VACATION AT LAKE

Dr. and Mrs. C. H. Heaton and family and Miss Mary Brown of this city, are enjoying their sojourn at Winona Lake, Ind., and vicinity.

They left here by motor early on the morning of August 1 and at four p. m. had arrived at their destination, 341 miles from New Castle. The Heaton family have made side trips to Lansing, Mich., and Grand Rapids.

Dr. Heaton is pastor of the First Baptist church.

Pymatuning Level Drops But Little

Enough Water Released To
Keep River Flow At 60
Million Gallons

LINESVILLE, Pa., August 19.—The summer rainfall has been a boon to Pymatuning Lake and the all-time high level of 1004.22 feet above sea level reached on June 24, is only a matter of less than six inches higher than the level today, of 1003.76.

With the possibility that September will see a gradual rise, by early fall the reservoir is expected to regain everything it has lost in the way of evaporation and feeding into the Shenango river.

This week water was released into the river to keep the flow at about 60,000,000 gallons daily. Sometimes it is necessary to release only a few million gallons and other days the amount may range up to 40 or 50 million gallons. But even these large withdrawals have failed to make much of a change in the lake level. The loss the first half of this month amounted to slightly more than an inch.

Last year, when the lake had not reached such heights as at present,
